Template T&C Tricorona

Climeworks' Carbon Dioxide Removal (CDR) Services are provided exclusively in accordance with the Terms and Conditions for CDR Services (TC), as hereto attached, and by this offer. Climeworks shall not be bound by any other terms or conditions agreed between Tricorona and its customers.

Tricorona is a sustainability consultancy. Tricorona supports its customers in reaching their climate targets and builds portfolios of Carbon Removal solutions to compensate for companies CO2 emissions. Tricorona is entitled to present Climeworks CDR as a solution to include in their portfolios. Climeworks Carbon Removal Services are not transferrable and Tricorona will only allocate its Climeworks CDR volumes in the end-customers market.

Tricorona commits to market Climeworks services only to companies with a credible and transparent Climate Strategy and in no case to companies from the following sectors:

Oil & Gas

Mining

Weaponry

Tricorona shall place monthly orders at the beginning of each new months (latest of the 5th day of the month).

Tricorona strives to purchase a minimum volume of 40 tons in 2022. Climeworks will reserve a maximum of 100 tons for Tricorona in 2022.

The price is set according to the minimum committed volume and is only valid for 2022. Should Tricorona not order 40 tons in 2022, Climeworks reserves the right to adapt the prices up to a maximum amount of 1000 €. New terms and conditions shall be agreed upon for 2023.

Climeworks is entitled to promote the business relationship with Tricorona, in particular on its social media channels, its website, newsletter, to the press and in presentations. Tricorona grants Climeworks the right to use Tricorona's logo. Tricorona shall provide Climeworks with its logo in a form suitable for website/app and print publication.

Both parties shall obtain the other party's prior written consent for any additional communication activity or reference (e-mail is sufficient). Tricorona shall promote Climeworks' CDR Services to its audience/customer base in accordance with the messaging guidelines included in the [Pioneers communication kit](#) provided by Climeworks.

Tricorona shall in summary form keep Climeworks updated in writing (e-mail is sufficient) as regards all planned communication activity relating to or referring to Climeworks' CDR Services.

Except as provided in the paragraphs above, the Parties shall keep the terms of this agreement confidential and shall not disclose it to any third party. Climeworks shall be entitled to disclose the existence and terms of this agreement to potential or current partners or investors.

Thank you for your efforts to help reverse climate change.

Best Regards,

Céline Olesen
